Geoinfra Global Solution

Jaipur

14/03/2025 to 30/11/2025

Jr. Technical Manager

Veritas Finance Limited

Burdwan

Ongoing

- Served as a Site Engineer at Shreyash Engineers for the Jal Jeevan Mission Project in Jashpur, Chhattisgarh from October 10, 2021, to February 3, 2022. Responsibilities included monitoring daily site activities, ensuring compliance with project guidelines and quality standards, coordinating with surveyors and subcontractors, site supervision, progress monitoring, and participating in drafting Detailed Project Reports (DPRs) and conducting data collection and analysis.
- Served as a Junior Engineer (Civil) at Bokaro Vedanta Steel Plant from April 12, 2022, to May 31, 2023. Responsibilities included onsite execution and coordination of civil tasks, overseeing daily operations, implementing quality control and safety measures, and ensuring effective communication with contractors. Interpreted engineering drawings, monitored work progress, and compiled site reports for management evaluation, demonstrating strong practical knowledge of industrial construction methods and site management.
- Served as a GIS Engineer with Geoinfra Global Solutions on the DILRMP project in Rajasthan, Jaipur from March to November 2025. Supported digitization of land reports via spatial statistical analysis and ground reference maps ensuring statistical accuracy. Collaborated with team on land file monitoring, maintained geospatial databases and followed challenge standards. Demonstrated talent in ArcGIS Pro even as turning in reliable geospatial responses on time.
- Currently working with Veritas Finance Limited as a Junior Technical Manager, overseeing operations across Burdwan, Durgapur, Bolpur, Berhampore, Katwa, Ahmadpur, Satgachia, and Jamalpur regions. Responsible for managing Loan Against Property (LAP), LAP-C, and NPA property valuation assignments, including property identification through GIS techniques, physical inspections, market valuation assessments, and preparation of detailed technical and valuation reports. Experienced in conducting due diligence, verifying legal and technical documentation, assessing collateral risks, and ensuring compliance with internal policies and regulatory standards. Proven ability to handle multi-location operations efficiently while supporting business growth through accurate and timely technical evaluations.

I hereby declare that the furnished information is true to the best of my knowledge and belief.

Date: 2nd May 2026
